SUMMARY

Hi, I'm HIMANSHU , a third-year B.Tech student specializing in Computer Science and Engineering at BKBIET, Pilani, Rajasthan.
I'm passionate about technology and have developed a solid foundation in programming and web development. My technical skills include proficiency in C, C++, Python, and Object-Oriented Programming. Additionally, I have hands-on experience with HTML5, CSS3, JavaScript, Bootstrap5, and React.js, which has allowed me to create responsive and dynamic web applications.

EXPERIENCE

MERN STACK WEB DEVELOPMENT TRAINING

Zeetron Networks Pvt. Ltd. India   📍 mahaveer nagar jaipur

Bachelor of Technology, Computer Engineering , CSE
B K Birla Institute of Engineering & Technology, Pilani   📅 12/2022

PROJECTS

*Color Piker Chrome Extension

This Color Picker Chrome Extension is a simple yet effective tool designed to help users select and identify colors from any webpage. Built using HTML, CSS, and JavaScript skillset .

*My Portfolio Website

🔗 https://himanshukumawat.netlify.app/

Developed a dynamic portfolio website showcasing projects, skills, and achievements using HTML, CSS, JavaScript, Bootstrap5, and React. Implemented responsive design principles to ensure compatibility across various devices and browsers.

*E-Commerce Food Website

🔗 https://midtownweb.netlify.app/

Designed and developed a responsive e-commerce food website using HTML, CSS, JavaScript, Bootstrap5, and React. Implemented a user-friendly interface with intuitive navigation, showcasing a variety of food products categorized for easy browsing.

*Stop - Watch Application

🔗 https://fullwatchstop.netlify.app/

I'm thrilled to announce that I've completed a stopwatch application using React, demonstrating my skills in utilizing React hooks, specifically useState and useRef.
Start, Stop, Reset, and Resume: Intuitive controls to manage the stopwatch.
Responsive Design: Optimized for mobile devices and desktops for an engaging user experience.
